

TOXIC TOUR

ENVIRONMENTAL JUSTICE OR ENBRIDGE?

Join FRRACS on a tour of Enbridge-enabling agencies, as we urge them to shut down the compressor station.

MEET AT South Station (700 Atlantic Ave., Boston)
on **WEDNESDAY, MARCH 1 AT 11AM**

the tour will conclude at the MA State House at 1pm.

Gov. Maura Healey ran on a platform of environmental justice. Yet, she has not taken steps to protect the environmental justice communities impacted by the Weymouth compressor station. We call on the Governor to reject MA DEP's waterways license to Enbridge Gas.

FRRACS = Fore River Residents Against the Compressor Station
